Raw

A coleção Raw eleva o processo de criação e desenvolvimento de pratos de autor. Uma nova abordagem em porcelana branca, pura e translúcida, em contraste com uma superfície granítica áspera de aspeto rochoso, transportando a porcelana para um novo espaço, tempo e experiência.

Raw elevates the process of creation and development of signature dishes. A new approach in pure, translucent white porcelain, in contrast to a rough granite surface with a rocky aspect, carrying the porcelain to a new space, time and experience.
