Coral

Coral, a mais recente interpretação da cor na linha Nordika.

Produzida através do processo de esponjado, em três versões, azul, castanho e verde, Coral é a nossa abordagem de decoração artesanal numa linha de carácter e perfil escandinavo. O esponjado desta coleção, aplicado manualmente, afirma-se como uma nova visão da filetagem e da decoração Nordika Rim. A coleção Nordika, de linhas simples, base da decoração Coral, combina um design coupe com um design com aba, que se projetam para lá do cuidado estético. Uma linha inspirada nas latitudes mais frias, capaz de aquecer a imaginação dos que nela exprimem o seu talento.

Coral, the latest colour interpretation in Nordika Collection.

Produced through the sponging process, under three versions, blue, brown and green, Coral is our handcrafted decoration's approach, in a collection under Scandinavian's character and profile. The sponging effect of this collection, manually added, is a new vision of the filament and decoration of Nordika Rim. Coral is based on the Nordika collection, of simple lines, thus combining a coupe design with a flap design, which surpass aesthetic care – a collection inspired in the coldest latitudes, capable of warming-up the imagination of those who express their talent in it.
